HELP
Upload a new file to an on-prem folder. If a file with the same name already exists in the folder, you can choose to overwrite that file or upload a duplicate.
This action requires a connection using OPA version 2.4.2 or newer.
Learn more
Folder path *
Text Formula
Enter folder path
/output
Upload the file to this folder. Provide a folder path relative to the base path of your connection profile. Learn more.
File name *
FTP_OUTPUT_SATHVIK
File name, including extension. Do not include full path.
File contents *
