HELP

Upload a file into a specified folder in connected FTP/FTPS server.

File name

ABC

/SathvikSangaraju/output/FTP_UPLOAD_OUTPUT_SATHVIK_SANGARAJU

File will be created if not already present on the server. Use exact, case sensitive file path including extension, e.g. /User/personal folder/file name.txt \ will create, append or overwrite file named file name.txt

Append

Select from option list

No

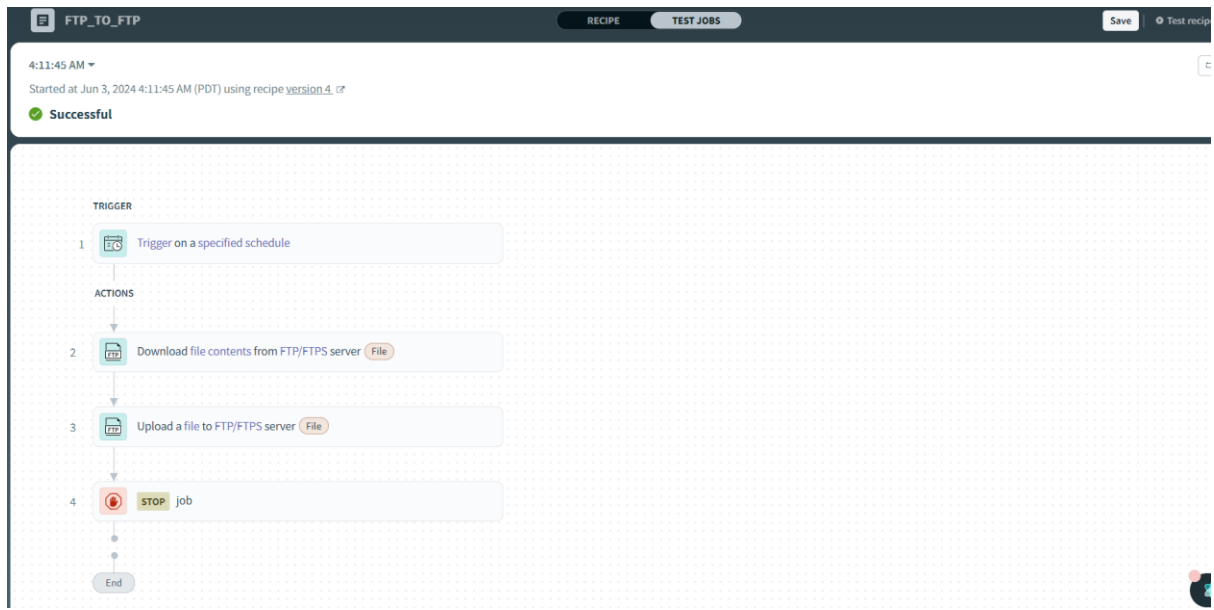

Setting to true will append content to file, false will overwrite the file with new content

File contents

ABC
